

SUPPLY CHAIN OF DMEGC SOLAR QUALITY, TRACE-ABLE AND SUSTAINABLE

Co-create, co-own, co-prosper and co-share, DMEGC Solar has long been proactively collaborating with partners along the supply chain, creating a quality, traceable and sustainable supply chain from silicon to module.

DMEGC SOLAR General Statement

- Strictly abiding by Chinese laws, anti-forced-labour guidelines of ILO, UNGC principles and internal regulations.
- Acquired the SA8000: 2014 social responsibility system certification since 2021 (audited and supervised by TÜV NORD).
- Specially developed and dedicated IT systems combining ERP, WMS and MES, for accurate traceability from module to polysilicon materials.
- Effective supplier selection & management system, recruiting competent, dedicated & responsible suppliers with Supplier Growth Plan for better cooperation

DMEGC Solar Transparent Supply Chain Map

DMEGC Solar Transparent Supply Chain Map

- Leading manufacturers in the PV industry
- Origin traceable
- 100% ISO9001/14001/45001 certificated
- All passed DMEGC supply chain CSR due diligence audit

On Supplier Chain Traceability

No Forced Labour

Strictly abiding by Chinese laws and anti-forced labour guidelines of ILO, UNGC and more, comprehensive internal management regulation systems, **in both DMEGC and supply chain**
First among PV manufacturers to be certified with the **SA8000: 2014 social responsibility system**, since 2021 (audited and supervised by TÜV NORD)

Good Supply Traceability

Dedicated **IT systems combining ERP, WMS and MES**, dedicated **internal team** for accurate traceability
From module to polysilicon, see examples in later pages

Effective Supply Management

Our Suppliers:

- Among the high-achievers in industry
- In line with DMEGC's traceability requirements
- Compliant with major ISO environmental, health, quality systems
- 100% signed DMEGC Supplier Code of Conduct & committing against forced labour

Supplier Management:

- DMEGC Supplier Social Responsibility Audit Standard based on mainstream systems
- Dedicated DMEGC auditors in Procurement Department, trained by SGS
- Regular communication and audits, taking appropriate measures to bring the adverse impact to an end

Supplier Growth Plan:

- Facilitate suppliers to complete SA8000 social responsibility certification & "Green Factory" Core Suppliers:

7 SA8000 certified | **13** "Green Factory" Awarded

To date, No forced labour found during our audits on our suppliers.
